Exceptional apartment in Poblenou

It's already done to move into. It has a large terrace and it is in a regal building with high wooden beams (3,30mts, approx). It's found a 5 minutes walking from the beach of Bogatell. Completely renovated, it is a very cozy apartment.

After the stairs corresponding to a first real high (THE BUILDING HAS NO ELEVATOR), and at the entrance of the floor we find natural light that comes from the large porticon access to the balcony outside the street that presides over the large living room. In addition to the significant sensations of spaciousness in its 86m², and its wooden beams.

Also the impressive kitchen open to the dining room that is located next to the huge terrace of 82m² gives much sun and more natural light. It has three bedrooms; one in suites and two bathrooms, parquet and air conditioning in the rooms. Double orientation and south orientation. The reform has been very careful with materials and finishes.
